MELANE LYONSCommissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450**RESPONSE TO RESTRICTION REQUIREMENT**

Sir:

This is a response to the Restriction Requirement dated April 1, 2005

I. Restriction Requirement

The Examiner restricted the application into four separate inventions:

- I. Claims 21-29 drawn to a substantially pure or isolated polypeptide comprising an amino acid sequence of SEQ ID NO: 2, classified in class 530, subclass 350.
- II. Claims 21-29 drawn to a substantially pure or isolated polypeptide comprising an amino acid sequence of SEQ ID NO: 4, classified in class 530, subclass 350.
- III. Claims 30-32 drawn to a method of modulating physiology of a cell comprising contacting the cell with the polypeptide of SEQ ID NO: 2, classified in class 435, subclass 375.
- IV. Claims 30-32 drawn to a method of modulating physiology of a cell comprising contacting the cell with the polypeptide of SEQ ID NO: 4, classified in class 435, subclass 375.

Applicants provisionally elect Group I, Claims 21-29 whose claims are drawn to a substantially pure or isolated polypeptide comprising an amino acid sequence of SEQ ID NO: 2, classified in class 530, subclass 350, for example, as discussed in the present Restriction Requirement

Applicants will address the issue of inventorship for the elected claims and amend inventorship appropriately if the elected restriction is made final.

Applicants reserve the right to file subsequent applications claiming the non-elected subject matter and do not waive any of their rights or abandon any non-elected subject matter. Since Applicants have fully and completely responded to the Restriction Requirement and have made the required election, this application is now in order for early action.

If the Examiner believes that a telephone conference would aid the prosecution of this case in any way, please call the undersigned.

The Commissioner is hereby authorized to charge the requisite fee to DNAX Deposit Account 04-1239. Please charge any additional fees or credit overpayment to DNAX Deposit Account No. 04-1239.

Respectfully submitted,

Date: 27-April-2005
